Januari 2024 online meeting Mercy Ships Nederland

Application ingevuld (februari – oktober 2024)

Hierna begint een lange sollicitatie met steeds opdrachten in het Task Center

Ophthalmic Team Skills and Scope of Practice Checklist

Name: Date:

Please note: There are many different tasks and specific skills required across the Ophthalmic Team. This checklist is a tool we use to make sure that you are placed into a role that you can fulfill, and that each skill is covered by someone within the team. We do not expect you to be able to do all of the skills on this list.

Rank your level of experience and training in the following:	I have no experience in this area.	I have some experience in this area and am comfortable performing this skill.	I consider myself proficient in this area.
Measure vision (Tumbling E chart)	☐	☐	☐
Measure intraocular pressure - Goldman	☐	☐	☐
Measure intraocular pressure - iCare	☐	☐	☐
Autorefraction/Keratometry (semi-automated)	☐	☐	☐
Keratometry using a hand held device	☐	☐	☐
Trial frame refraction	☐	☐	☐
A Scan axial length measurements	☐	☐	☐
B Scans	☐	☐	☐
Slit lamp ocular health assessment	☐	☐	☐
Prescribe medications to manage ocular conditions	☐	☐	☐
Take a patient health history	☐	☐	☐
Measure vital signs (e.g. blood pressure, glucose levels)	☐	☐	☐
Glasses frame adjustments and repairs	☐	☐	☐
Database entry and maintenance	☐	☐	☐
Appointment scheduling	☐	☐	☐
Supply management and ordering	☐	☐	☐
Manage a clinical space / flow	☐	☐	☐

For registered ophthalmic professionals please describe your scope of practice in your home country:	**Yes** (this is within my Scope of Practice)	**No** (this is outside my Scope of Practice)"
Performing refractions	☐	☐
Assessing and prescribing contact lenses	☐	☐
Use diagnostic medications (eg topical anaesthetic, dilation)	☐	☐
Diagnosing ocular health conditions	☐	☐
Prescribing therapeutic treatments	☐	☐
Managing and stopping therapeutic treatments	☐	☐
Performing YAG capsulotomies	☐	☐
Co-management of post-operative patients	☐	☐

SKILLS CHECKLIST

Type of Surgery	Approximate Number performed within the past 12 months	Approximate Number performed during the whole career	Level of competency (N=Novice, B=Beginner, AB=Advance beginner, C=Competent)	Specificity / any other comments
CATARACT				
Intracapsular cataract extraction				
Phacoemulsification cataract extraction				
Manual Small Incision Cataract Surgery (MSICS)				
I&A removal of pediatric cataract				
Insertion of IOL at cataract extraction				
Primary posterior capsulotomy				
Secondary insertion of IOL				
Implanted lens extraction				
Repositioning of dislocated IOL postop				
Anterior vitreous excision peds congenital cataract vitrectomy				
Mechanical vitrectomy				
Sphincterotomy				
Excision of prolapsed iris				
Suture repair of iridodialysis/Key hole pupil				
Iridectomy/Iridotomy				
Teaching				

Eyelid, lacrimal duct, conjunctiva, cornea, vitreous and retina, glaucoma surgery Laser treatment, strabismus, repair eye ball rupture, evisceration, enucleation, Excenteration.

About us and our mission

Eye Care

Together we address surgical eye needs in places where preventable blindness is widespread.

General Surgeries

Mercy Ships provides free corrective surgeries for many conditions children and adults suffer from.

Maxillofacial Surgeries

Mercy Ships works to heal cleft conditions and facial tumors where specialized surgery doesn't exist.

Palliative Care

We follow the model of Jesus as we tenderly care for terminal patients and their grieving families.

Plastic Reconstruction

Our plastic surgery team provides relief from painful disfigurements through specialized surgical interventions.

Mental Health

Those suffering mental illness are often marginalized by their communities. Mercy Ships is there to help.

Oral Health

More than filling cavities, we work in communities to teach basic oral health education that changes lives.

Orthopedic Surgeries

We heal clubfeet and twisted limbs to help relieve the suffering of people who before had little to no access to surgery.

Women's Health

Mercy Ships' doctors, nurses, and caring volunteers provide a holistic approach to women's health issues and treatment.

In augustus ‘Date Offer’: 2-15 maart 2025 (→ 4 weken?)

Global Mercy, Freetown Sierra Leone (senior / junior oogarts)

Ticket naar Freetown betalen, geen crew cost van $ 400 mnd

Registratie verlengd vanaf oktober 2024

Diploma's opgestuurd
Aanbevelingsbrief Jeroen Klevering

- a review of your qualifications/certifications,
- a review of your provided health/medical documentation
- a review by our chaplaincy team
- a review by the department head for the Ophthalmic Surgeon position
- a request for a cabin/housing assignment

It was noted in our review of your application that you do not have any particular religious affiliation or do not regularly attend church, so we want you to be aware of a few things that have sometimes been a surprise to others with similar backgrounds who have worked with Mercy Ships in the past. The ship environment and community are welcoming, non-threatening, and inclusive, and many people who do not express a personal faith return to serve alongside us time and time again. To ensure you are fully informed, we encourage you to read the information regarding community life and expectations and let us know if you have any questions or concerns.

Eind augustus:

Congratulations! You've been accepted to serve onboard the *Global Mercy* - and we're excited about your arrival!

Vaccinaties (inenting mpox virus)

Celebration of Sight

Mercy Ships

Luke 4:16-21

16 He went to Nazareth, where He had been brought up, and on the Sabbath day he went into the synagogue, as was His custom. He stood up to read, 17 and the scroll of the prophet Isaiah was handed to Him. Unrolling it, He found the place where it is written:

18 "The Spirit of the Lord is on me,
because he has anointed me
to proclaim good news to the poor.
He has sent me to proclaim freedom for the prisoners
and recovery of sight for the blind,
to set the oppressed free,
19 to proclaim the year of the Lord's favor."

20 Then He rolled up the scroll, gave it back to the attendant and sat down. The eyes of everyone in the synagogue were fastened on Him. 21 He began by saying to them, "Today this scripture is fulfilled in your hearing.
